

A group of young women are shown from the chest up, holding a large, glowing paper lantern against a clear blue sky. The lantern is made of white paper and has a small opening at the bottom through which a flame is visible. The women are smiling and looking upwards at the lantern. The lighting is warm, highlighting their faces and the glow of the lantern. The overall mood is joyful and celebratory.

## ARCADIA EXPERIENCE

A 46-story building facing Central Park in Costa Del Este with apartments of 753 sq ft. and 818 sq ft.

In addition to new services and amenities to be found in the common areas, owners will enjoy the experience of having coffee shops, restaurants and terraces on the ground floor along with recreational green areas of Costa del Este.

This urban concept will be integrated into the lifestyle of the residents of Arcadia.

## LOCATION

Arcadia will be located in the exclusive urban area of Costa del Este, with views of the Central Park and along recreational green areas, which connects to Town Center.
